END OF TOUR

PLEASE NOTE:

To ensure your tour runs effectively and efficiently try to be punctual to each activity and to stick to the itinerary as close as possible.

Be aware that no metal studs should be worn on the synthetic playing surfaces and we recommend rubber moulded boots or astro trainers.

Please keep rooms clean and tidy throughout your stay and take care of room keys/cards. Also, ensure you are packed the night before check out to avoid rushing in the morning.

On the final day please check nothing is left behind when checking out. We advise you to pack a separate bag for your final day which should include a towel, toiletries, change of clothes and anything else you feel necessary. We also recommend that each player take their own water bottle on tour.

Your main luggage will then be kept securely in the hotel ready for collection upon departure.

In the unlikely event that you have a complaint concerning your hotel it must be reported to rep/reception. If they fail to take action ask for the complaint register, simply asking should resolve the issue.
